Do you take The Sunny South?

If not, send for it immediately. It is the universal favorite, and all Southerners are proud of it. Let a large club be raised without delay in this community. It is the only illustrated literary weekly in the South, and the press and people everywhere unite in pronouncing it the equal in every respect of any simular publication in America. The best literary talent of the whole country, North and South is writing for it, and it has something each week for all classes of readers. Its stories are superior in literary merit, and equal in thrilling interest, to those of any other paper, and its essays upon all subjects are from the best minds of the age.

In addition to thrilling new stories, a series of brilliant articles will soon begin on the CAMPAIGNS AND BATTLES returning ship adds a day to its reck-OF THE ARMY OF TENNESSEE, by Co-LONEL B. W. FROBEL, a distinguished military engineer of that army in all its trying times. These papers will ex joy two successive Sundays in midplain all the movements of Generals Johnston Hood and Sherman. Don't miss any of the numbers. They will read like a fascinating romance.

New and exciting stories are beginng every week or two.

State and local agents are being appointed everywhere, but let each community form a club at once and send on for the paper. Having passed successfully through two of the hard est years we shall ever see, it now chal lenges the admiration and unlimited support of the people. The price is \$3 a year, but clubs of four and upwards get it for \$2.50. Address Jno H. SEALS, Atlanta, Ga.

One way to Get Rich.

Nothing is more easy than to grow rich. It is only to trust nobody, to befriend none, to get everything, and no man for your friend; to heap interest upon interest, cent upon cent; to be mean, miserable, and despised for some twenty or thirty years, and riches will come as sure as disease and disappointment. And when pretty nearly enough wealth is collected, by a disregard of all the charities of the human heart, and at the expense of every enjoyment save that of wallowing in filthy meanness, death comes to finish the work; the body is buried in a hole, the heirs dance over it, and the spirit goes-where?

DR. REDFIELD, the Southern correspondent of the Cincinnati Commercial, now in New Orleans, though a strong Haves man, is finding out some of the "true inwardness," of the recent election in Louisiana. Under date of November 19, he telegraphs as follows: "Investigation convinces me that the large Democratic gains in the five disputed parishes were not at all by reason of intimidation. I had a conversation with Capt. Bascom, of the regular army, stationed all the year at in West Feliciana, and in command there. He says if that parish can be thrown out, any county in the United States can. The Democrats carried it by 800 majority. By joining black clubs, by argument and appeal, he says the whites won the blacks by kindness and persuasion, and not by force. Capt- Bascom is an

THE general debt of New York has been reduced during the past year more than \$5,000,000, by the cancellation of obligations, or in other words payment of the principal, a sum much larger, says the World's Albany correspondent, than the reduction of year before last, when the taxation was nearly twice that of the current year just ended. By the way, Samuel J. Tilden, is the governor of that State.

THE Louisiana Returning Board has been detected in some of its rascality. been detected in some of its rescality. In the returns from De Soto parish, claimed to have been received on the 18th, were found protests dated the 25th. Senator Sherman of the Republican committee expressed his displacement. publican committee expressed his dis- ployment, address, GEO. STINSON & CO.

Little Things.

Life is made up of little things. He who travels over a continent must go step by step. He who writes a book must do it sentence by sentence. He who learns a science must master it fac, by fact, and principle after principle. What is the happiness of our life made of? Little courtesies, little kindnesses. pleasant words, genial smiles, a friendly letter, good wishes, and good deeds. One in a million, once in a lifetime, may do a heroic action; but the little things that make up our life come every day and every hour. If we make the little events of life beautiful and good, then is the whole life full of Country Produce, beauty and goodness.

A True Republican For Tilden.

The happiest man in the country over the result of the late election isMr. Freen B. Spears, who was an ardent supporter of Tilden and Hendricks. It will be remembered that he was the elector in this district in 1854 on the Fremont ticket, at a time when it tested men's courage and sincerety to be on that side of the question. He has no forbearance with modern Republi cans, and is of the opinion that they are cans, and is of the opinion that they are in sincere, and are such only for the spoils of office.—Lexington Press, . Round the world tourists crossing the Pacific en route for Japan, on arriving at the 180th degree of longitude, drop a day from their calandar. The oning. It happened to the Rev. Dr. Field crossing this meridian on the 18th of June, which fell on a Sunday, to enocean, one of which was the Sunday of Dry Goods, Clothing Asia, and the other that of America and Europe. The reverend chronicler sadly records the fact that many of his felow-voyagers, in their perplexity as to which day cught to be observed, failed to keep either day, and so, in stead of gaining two Sundays, lost the one which was theirs of right.
